

Senior Mentor Program [Guidelines](#)

ASME assigns mentors to mentees based on their mutual interests. What we're really looking for are people who are willing to share their insights with young journalists and who are committed the future of magazine journalism.

We ask that you please arrange to meet up with your mentee at least once a quarter.

Some ideas:

- Discuss your mentee's career ambitions upon first meeting
 - Invite your mentee for a desk-side or to a press event
 - Invite your mentee for coffee or lunch
- Introduce your mentee to industry contacts; give tips on networking
- Provide career advice; things you wish you knew earlier in your career
 - Give tips on job hunting resources
 - Show your mentee a mock edit test
 - Invite your mentee for a tour of your office
- Volunteer to look over your mentee's resume and provide feedback

If you have any questions, or are interested in being a mentor, please reach out to asmenext@asme.media.
